**The feast day of Saint Mary Magdalene is celebrated on July 22.**

Mary Magdalene was a woman who had been possessed by seven demons and was liberated by Jesus. The relationship between Jesus and Mary Magdalene is marked by deep respect and transformation. After her liberation, Magdalene became one of Jesus' most devoted followers, playing a significant role in His ministry.

Mary Magdalene is mentioned in the Bible as one of the women who supported Jesus and His disciples. Her constant presence and support demonstrate the profound transformation she experienced after being freed by Christ. Despite her importance, Mary Magdalene is not described as an apostle in the biblical texts.

One of the most significant moments in the relationship between Jesus and Mary Magdalene occurs after the resurrection. According to the Gospel of John, Mary Magdalene is the first to discover the empty tomb and to see the resurrected Jesus. Jesus entrusts her with the mission of announcing to the disciples that He has risen, an act that positions her as the first witness of the resurrection.
